ANNUALS AND BEDDING PLANTS

The bright colors, the all-summer bloom, and the picking value of annual flowers make them almost indispensable. We raise some seventy-five thousand of these plants in our greenhouses each spring, including the most popular and well-known sorts and also several excellent kinds not commonly offered, such as cream yellow and pink Lantanas, true Heavenly Blue Morning Glory, three varieties of Blue Salvia, and new colors in Petunias, Zinnias and others. We try to have all our annuals in good husky condition, a majority of them pot-grown, ready from May 10th on, assuring the maximum of success and satisfaction.
